"Where's Picone?"

# *mi manda picone*

Directed by **NANNI LOY**

Salvatore sets up shop in a local hospital each day to help patients and visitors find their way around. On one of his normal days, a woman named Lucella Picone asks him to find out if her husband is in the hospital morgue. Suspecting something strange in this request, Salvatore grabs Picone's journal and soon deciphers she is actually an "insurance" collector for the mob. Deciding to take a little advantage of his good fortune, Salvatore starts making the rounds for Picone, letting everyone know that "Picone sent me." It does not take long for Picone to catch on to his scheme -- but how can she retrieve her journal and stop him?
