Introduction to Russian Culture (RUS 2710)

There is a lot more to Russia than what you see in the media today. Russia is a country with a long and tragic history, but it also has produced some of the greatest works of art, music, film, architecture, and literature in the world. It has also given birth to many of the world’s great scientists and thinkers, and has been a leader in fields from math to astronomy to philosophy. In this course you will become acquainted with some of the great achievements of Russian culture.

As a people, Russians are very warm and hospitable, and often gather around the table to spend time with family and welcome guests. We will have our own Russian potluck and experience Russian cuisine and food culture. Russian Orthodox Christianity has played a major role in Russian history and culture, and we will visit a local monastery so you can experience it first-hand! These are just a few aspects of everyday Russian life you will be acquainted with in this class. Join us!
